Strategic Plan 2012-2014

• Goals: National Strategic Plan to fight against Dementia – prevention, early detection and care

• Agenda:
  – Advocacy to Government:
    • Dementia as a priority in health care service
  – Awareness campaign
  – Caregiver training
  – Twinning program with Alzheimer Nederland:
    • Family/caregiver training: Training in Jakarta, one of the trainer is Prof Myrra Vermooi Dassen from Nederland
    • Fund raising: Charity night in Nederland and Indonesia
    • Alzheimer Academy: 1-2 June 2013
Next 3 years Twinning with Netherland
Voulenteer Recognition .....
Help Line for Alzheimer Patient .... ?
3 priorities of AAzI:

• Awareness campaign of Dementia
• Help people with dementia and their family/caregiver
• Empowering the organization
Awareness campaign:

- Indonesian People With Dementia (PWD) is about 1 million, most of them had less knowledge about dementia and confusing where to go to get information and help of their complaints.
- For these purpose our activity:
  - Inform all about Dementia through:
    - Seminars
    - talk show
    - PWD and caregiver gathering
    - Caregiver training
    - Help line service.
  - Stimulate to establish daycare and home care.
People With Dementia in Day Center
Dementia care in Indonesia
Help elderly, PWD and their family/caregiver:

• Regular activity for the senior citizen to prevent and early detection of dementia:
  • Enchanced the knowledge about aging and dementia
  • Brain gym
  • Recreation: Vocal group/singing, dancing
  • Conversation in English or Dutch language etc.
• PWD and family gathering.
• Training family caregiver, public, other professional: lawyer, social worker
Empowering the organization

• Indonesia is a developing country the health priority are still for infection and improve mother and child health care, dementia not a national health priority

• Base on Asia-Pacific report /The Kyoto Declaration May 2005 to recognize dementia as a health priority we are doing advocation to the goverment.

• Promoting collaboration within the region to share with one another in the development of effective health and care services for people with dementia and their families.
Empowering the organization

• Advocation and Collaboration in program with Ministery of Health, Education and social affairs.
• Twinning program with Alzheimer Nederland:
  – Workshop in Bandung:
    Material of workshop:
    • Public Awareness, Training family caregiver and Fund raising
  – Joint the annual international and regional conference : ADI-ASPAC regional meeting . ADI international conference, AAIC
  – Meeting with ADI President Prof Jacob Roy in Jogyakarta April 2012.
Alz Nederland visit Yogyakarta
Fund Raising:

• Regular member contribution?
• Foundation partnership:
  – Corporate member
• Activity:
