HB18-1091 [Share](#)

Dementia Diseases And Related Disabilities

Concerning dementia diseases, and, in connection therewith, updating statutory references to dementia diseases and related disabilities.

SESSION: 2018 Regular Session

SUBJECT: Health Care & Health Insurance

The bill updates statutory references to Alzheimer's and other dementia diseases and reflects that dementia diseases have related disabilities impacting memory and other cognitive abilities. Missing persons with a dementia disease and related disability are added to the missing senior citizen and missing person with developmental disabilities alert program, and the program is renamed to reflect this change. The Alzheimer's disease treatment and research center within the university of Colorado school of medicine is renamed the dementia diseases and related disabilities treatment and research center.

(Note: This summary applies to the reengrossed version of this bill as introduced in the second house.)
