Korea has implemented several key policies in the last 10 years. 2008 was a particularly important year. For example, dementia has been placed as a national health care priority whereby in July, the national long-term care insurance has been put in place, to be administered by the and on World Alzheimer's Day in September, the government declared 'War on Dementia'.

Dementia care policy in Korea revolves mainly around the insurance and the recently declared 'War on Dementia'.
